

# Return-to-Work Solution

CDC-compliant health tracking that gives employers real-time visibility into who is healthy enough to both rejoin and remain in the workplace.

## Ensure your employees remain in the workplace safely and confidently

Track symptoms, contacts, cases, vaccination status and digital verification to make staffing and business decisions faster, and keep staff safe.

Mobile App

Employer Power BI Dashboard

### FEATURES

#### Easy-to-use mobile app

Employees track symptoms, report COVID-19 exposure, or express concerns in one outlet

#### Reminders and alerts

Push notifications remind employees to log responses and alerts broadcast work notices

#### Employee Case Management

Easily monitor any employee's health risk status over time

#### Digital Vaccination Verification

Allows users to upload proof of vaccination to create a digital pass. Vaccination status can be validated against state vaccine registry. Can track first dose, second dose, and booster.

#### Workflow automation

Get alerted if an employee is showing symptoms or is newly cleared for work return

#### Simple data dashboards

Easy-to-read dashboards aggregate employee health data for real-time insights

#### Deploy in just 3 days

Get up and running in minimal time

### BENEFITS

- ✓ **Mitigate the spread to staff and customers**  
At-risk employees know to self-isolate sooner
- ✓ **Act on work disruptions sooner**  
Gives you the power to keep business running smoothly
- ✓ **Instill trust and calm at work**  
Two-way communication reduces staff concerns with consistent messaging
- ✓ **Show commitment to a healthy workplace**  
Give employees and customers confidence your company is working hard to keep everyone safe
- ✓ **Digital Vaccination Verification**  
Provide proof of vaccination and validate against state registry
