THIRD PARTY INFORMATION This presentation includes market and industry data which was obtained from various publicly available sources and other sources believed by the Company to be true. Although the Company believes it to be reliable, the Company has not independently verified any of the data from third-party sources referred to in this presentation or analyzed or verified the underlying reports relied upon or referred to by such sources, or ascertained the underlying assumptions relied upon by such sources. The Company does not make any representation as to the accuracy of such information.

This presentation contains certain “forward-looking information” and “forward-looking statements” (collectively, “forward-looking statements”) within the meaning of applicable Canadian securities legislation regarding Qusitive and its business. Any statement that involves discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions, future events or performance (often but not always using phrases such as “expects”, or “does not expect”, “is expected”, “anticipates” or “does not anticipate”, “plans”, “budget”, “scheduled”, “forecasts”, “estimates”, “believes” or “intends” or variations of such words and phrases or stating that certain actions, events or results “may” or “could”, “would”, “might” or “will” be taken to occur or be achieved) are not statements of historical fact and may be forward-looking statements. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties, and other factors which may cause the actual results and future events to differ materially from those expressed or implied by such forward-looking statements. These forward-looking statements include, but are not limited to, statements relating to: the completion of sale of BankCard (as defined herein) (the “Transaction”); the final approval of the Transaction by the TSX Venture Exchange; the use of proceeds from the Transaction; the anticipated benefits of the Transaction to Qusitive and its shareholders; the future growth potential of the Company on a post-Transaction basis; the financial outlook of the Company on a post-Transaction basis; the possible impact of any potential transactions referenced herein on the Company’s shareholders and any potential future arrangements and engagements in regards to any such potential transactions; and future financial performance. These forward-looking statements are based on reasonable assumptions and estimates of management of the Company at the time such statements were made. Actual future results may differ materially as forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to materially differ from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors, among other things, include: the expected results from the completion of the Transaction; fluctuations in general macroeconomic conditions; fluctuations in securities markets; the Company’s limited operating history; future capital needs and uncertainty of additional financing; the competitive nature of the technology industry; unproven markets for the Company’s product offerings; lack of regulation and customer protection; the need for the Company to manage its future strategic plans; the effects of product development and need for continued technology change; protection of proprietary rights; network security risks; the ability of the Company to maintain properly working systems; foreign currency trading risks; use and storage of personal information and compliance with privacy laws; use of the Company’s services for improper or illegal purposes; global economic and financial market conditions; uninsurable risks; changes in project parameters as plans continue to be evaluated; and those factors described under the heading “Risks Factors” in the Company’s annual information form dated May 23, 2023 available on SEDAR+ at www.sedarplus.ca. Although the forward-looking statements contained in this news release are based upon what management of the Company believes, or believed at the time, to be reasonable assumptions, the Company cannot assure shareholders that actual results will be consistent with such forward-looking statements, as there may be other factors that cause results not to be as anticipated, estimated or intended. Accordingly, readers should not place undue reliance on forward-looking statements and information. There can be no assurance that forward-looking information, or the material factors or assumptions used to develop such forward-looking information, will prove to be accurate. The Company does not undertake any obligations to release publicly any revisions for updating any voluntary forward-looking statements, except as required by applicable securities law.

This news release also contains future-oriented financial information and financial outlook information (together, “FOFI”) about the Company’s prospective results of operations, including statements regarding expected pro-forma Adjusted EBITDA following the completion of the Transaction. FOFI is subject to the same assumptions, risk factors, limitations and qualifications as set forth in the above paragraph. The Company has included the FOFI to provide an outlook of management’s expectations regarding the Company on a post-Transaction basis and other anticipated activities and results, and such information may not be appropriate for other purposes. The Company and management believe that the FOFI has been prepared on a reasonable basis, reflecting management’s reasonable estimates and judgements; however, actual results of operations and the resulting financial results may vary from the amounts set forth herein. Any financial outlook information speaks only as of the date on which it is made and the Company undertakes no obligation to publicly update or revise any financial outlook information except as required by applicable securities laws.

Source: Share and balance sheet data as of March 26, 2024.

- 1) On April 4, 2024, Qusitive announced the closing of the sale of BankCard USA Merchant Services, Inc. to a group that includes current management of BankCard and certain shareholders of Qusitive. The share count shown is after the cancelation of 133,095,168 shares related to that sale. The Company will have ~293.5 million fully diluted shares outstanding including shares issued in connection to RSUs and stock options.
- 2) Leverage is calculated using Pro Forma Adjusted EBITDA of \$16.4M, representing the Company's results as if the Transaction and the divestiture of PayiQ (which was completed in January 2024) closed on January 1, 2023. The pro forma Adjusted EBITDA run rate includes full year adjustments for headcount capacity savings made during fiscal 2023 as well as corporate cost savings that will be realized after the completion of both the Transaction and divestiture of PayiQ. Less than all of the savings were realized in fiscal 2023 (with the balance expected to be realized in fiscal 2024) which will result in the Company reporting fiscal 2023 results that will be lower than the pro forma Adjusted EBITDA of US\$16.4 million.
- 3) Cash is shown after various transaction and financing expenses related to the sale of BankCard USA Merchant Services, Inc.
- 4) Face value of the PayiQ investment is \$27.0 million and is subject to future adjustments of fair value.

Pro Forma Capitalization and 2024 Guidance

- Quisitive historically traded at a discount to public Cloud peers
- IT Services and AI market opportunity remain a growth driver for Quisitive
- Divestitures of BankCard and PayiQ reduces complexity of combined business
